Horned. Born March 2, 2008.

If you are searching for a show project, you owe it to the exhibitor in your life to stop and analyze this heifer. You will be hard pressed to find a female to surpass her structural soundness, femininity and angularity. Kali has the extension and growth to command a lot of attention both in the pasture and in the show arena!

Farm Tag #: 58

Polled. Born February 15th, 2008.

This Kareena daughter reminds us of why 8E is such a maternal legend. His influence is prominent in this heifer's massive bone structure, enormous center body, and extremely gentle disposition. Here is a gentle, easy feeding maternal masterpiece that would make an ideal project for any junior, and become an asset to your herd in the future.
